

Student Government Association
Fall Assembly
Marymount Manhattan College
Minutes for October 29, 2018

SGA Town Hall Notes

Head Count: 45

1. Moment of silence
2. Introductions of SGA
3. Staff introduction
4. Executive/SGA Goals and Completion

Why does MMC not have a computer science major?

- Not a large priority in the school demographic
- Very expensive in the grand scheme of program
- Look into better opinions for the intended jobs. Coding and other classes offer through the other classes.

Does MMC recycle?

- We offer info on our vendor
- The vendor sorts the trash at their property.
- The service gets rid of need for more bins and makes expending trash easier.

Lack of resources for Social Sciences

- Concerns with the resources available for the SS students as well as their teaching staff.
- Find a space in the school for the SS students.
- Plastic silverware is largely used at MMC. The schools should look into new options.
- Perhaps a platform where students could look into problems being made.

Social Science classes aren't having enough selection for major.

- every course cannot be offered. However, MMC is working to add sections to the classes for students who can't get there classes as soon as possible.
- Jan/Summer classes may be able to help with the class shortage. Financial aid is a large problem with the Jan terms and summer terms.

Where are the prep courses for the LSAT

- GRE is offered how about the LSAT?
- Career services can perhaps help with the LSAT Class. And reduces prices. However we don't offer any ourselves.

International Recruiter

- Request in info as to who it is and their current goals.
- There is a temporary person filling the position.
- Recruitment still continues.

Compost Bin on campus

Employees on campus need a positive reaction to show there work is appreciated.

- bring up a platform for students to express there love or distaste towards the food service.

- Text to solve: text the number and helps address the concern for the services.
- Appropriation is needed.
- People at Chartwells are aware.

Studio Art majors are lacking space, where can they work outside of class potentially

- in the works for the capital plan, to find space and work for students.

Judicial review processes being more positive

- review how stuff works with the students during reviews.

Green Roof With SSA

- Green roof proposal is in the works.

Printer in the Residence Halls

- no solution to work the printer long term

Inclusivity advancement

- Diversity inclusion plan, making the school a bit better
